

1/5-1/6 Assignment

List what you know about propulsion/propellers and how they work.

Read over these websites and take notes:

<http://www.grc.nasa.gov/WWW/k-12/airplane/bgp.html>

<http://www.grc.nasa.gov/WWW/K-12/UEET/StudentSite/engines.html>

<http://www.infoplease.com/encyclopedia/science/internal-combustion-engine-reciprocating-engines.html>

<http://www.grc.nasa.gov/WWW/K-12/airplane/propeller.html>

Tell me, in your own words, what you learned.

What have you learned from this information?

Were your assumptions correct?

Discuss your findings with your table.
